Additional Features

HIGH STORAGE CAPACITY

The purifier comes with a high capacity Stainless Steel storage tank of 5 litres for ambient water and 0.6 litre for hot water.

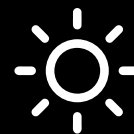

HOT SWITCH INDICATOR

The red colour LED around the button notifies the user that water is hot.

IDEAL WATER SOURCE

Ideal for all types of water with TDS up to 2000mg/litre.

SMART LED INDICATION

Alerts you in case of service reminders, end of life cartridges, filter life warning and electronic errors.

Benefits of Aquaguard Blaze Insta

RO Purification

Removes contaminants like lead, mercury, microplastics, pesticides and eliminates disease-causing viruses and bacteria.

(Available only in Blaze Insta RO+UV)

UV e-boiling

Delivers water that is as safe and pure as water boiled for over 20 minutes.

Ultra Filtration

Features UV+UF filtration to make your water safe from viral and bacterial contamination*.

(Available only in Blaze Insta UV+UF)

Taste Adjuster##

Always get sweet tasting water. Adjusts the taste of the water, as per its source.

(Available only in Blaze Insta RO+UV+TA##)

Zero Pressure Pump

Zero Pressure Pump not only works at Zero Pressure, but is also capable of creating suction of up to 3 feet. This eliminates the need of buying an additional booster pump.

Water Savings Claim

Purifies and regulates water taste while saving up to 60% water.

**Taste Adjuster refers to a manual TDS controller. *UV+UF eliminates viruses & bacteria.
